4:14 CR 169

To the Honorable court of
Southern District Houston Texas.

I'm contacting the courts to appeal
my case on for not having a forensic
psychological evaluation, reduced
mental capacity, Diminished Capacity
which prejudiced me from fair trial and
being sentenced under mitigating factors
noted above. It's denial of writ of
Habeas Corpus.

My public defender at the time was
Phillip Gallenger during early court
proceedings. Mr. Gallenger hired a
Professional Psychiatrist to evaluate me.
Under her Professional Diagnosis, she
found 3 disorders. Alcoholism she mentions lightly
but further evidence from the Hospital Reports
show Ammonia levels being intoxicating high
because of the Alcohol.

Being a Alcoholic and having those disorders
→ [she] (Report is pending and court does have
a copy under my case) came to a unquestionable
resolution that I had a reduce mental
capacity before my arrest. As well will
remain Diminished while incarcerated
because of the poor Medical the prison
offer.

Honorable Judge Warlion did do a
downward departure using the psychological
report which my Public Defender Philip
Gallenger hired. I was surprised the Judge
didn't use it on my case but still gave
me max time for my offense.

I am having problems getting copies
of the psychological Report.

P3.

I have valid reasons for not being able to do the Appeal in the time frame the court recommends has alot to do with the courts and prison system, money, and education in law. The court continued to withhold documents that was returned from USP Atlanta in June 2016, preventing me from working on my case, which extended the time it would of took me to file the 2255.

Also, I been in the shu for approximately 12 months during and after my trial/Plea. I did try with written letters to the court past and present to get court documents. I even written a letter to the Public Defender which I yet to receive any documents. If I had the case documents I know I would find more constitutional violations.

p4

USP Atlanta illegally withheld court documents only to send them back for inexcusable reasons. Thus, numerous lockdowns which prevented me from using the law library and making outside contacts for progress.

Only recently I tried again to get the documents from the court and heard nothing, even with follow-up letters.

Joe Corley prevented court documents getting to court with letters written and me receiving mail from court if not delaying it. Joe Corley creates "collusion" against us inmates preventing us from succeeding court proceedings.
